THE HERMITAGE

ENCINITAS, CALIF.

Beloved George,

Your very dear letter arrived. Indeed you are also the image of kindness love & selflessness. I very much missed not seeing you before I left. My blessings love & friendship are unconditionally given to you - and they never will be taken away. I deeply deeply appreciate the reiteration of your divine friendship love & kindness towards me. I am glad you saw your folks. I am glad you mother is feeling better. I pray for her & your father you all. I shall never forget the last line in your letter - I will save your letter as long as I live for genuine love flows from the Cosmic Ocean of love - we are the ruins of love which flew out of them. And if we love truly divinely (and

without selfishness we move upstream
upstream over the river of
superior limitless love to the
Ocean of God's affection.

It is He who loves us through
our true good parents, true family
members, true friends & true guru
preceptors.

We all miss you all - glad
you are helpful your brother.
Remember me to your father who
had such kind thoughts about

me. We will be waiting for you to
come in spring. You are well
welcome in your second home
second family - to stay little while, but
to know as you like. Thanks again for your
dear remembrance - ever yours
